Joanne M. Cecchini

SUPPLEMENT TO PETITION FOR REVIVAL OF AN APPLICATION
FOR PATENT ABANDONED UNAVOIDABLY UNDER 37 C.F.R. §1.137(a)

Applicant respectfully requests revival of the subject patent application pursuant to 37 CFR §1.137(a) and MPEP 711.03(c)(I)(A) based upon the sequence of unavoidable events as illustrated below.

On June 23, 2003, the law firm of Iandiorio & Teska (now Iandiorio Teska & Coleman), which represent the applicants of the subject application, filed the subject patent application with the U.S. Patent and Trademark Office. On June 18, 2008, Iandiorio Teska & Coleman received a copy of the Notice of Abandonment dated June 16, 2008 from the U.S. Patent and Trademark Office.

After reviewing the file of the subject application as well as copies of the docketing system, it was confirmed that the Notice of Non-Compliant Amendment was not received by Iandiorio Teska & Coleman. Attached hereto as Exhibit A are seventeen (17) pages of the master docket, i.e., the "Office Docket" entries of mail that Iandiorio & Teska received between November 15, 2007 and November 30, 2007, representing a period of time during which the Notice of Non-Compliant Amendment dated November 15, 2007 would have been received.

A review of the master docket, i.e., the "Office Docket" shows in part: the date Iandiorio Teska & Coleman received the item; a description of the item received; the Iandiorio Teska & Coleman docket number to which the item is related; the description of the work to be done; and the due date for the work to be done. The Iandiorio Teska & Coleman docket numbers each include a client description and a matter number. The client description for the subject application is "DR". The "matter" number for the subject patent application is "352". Upon inspection of the "Office Docket" it is evident that there is no record of receipt of any items by Iandiorio Teska & Coleman between November 15, 2007 and November 30, 2007 with respect to docket number "DR-352J". On June 18, 2008, Iandiorio Teska & Coleman received a copy of the Notice of Abandonment from the U.S. Patent and Trademark Office.

A review of the "Office Docket Calendar" of the firm Iandiorio, Teska & Coleman for items due on December 16, 2008 also shows that an Office Action was not received for docket number "DR-352J" since this due date was not docketed for this docket number. December 16, 2007 is the due date that would be docketed for the Office Action that was mailed on November 16, 2007. A photocopy of the "Office Docket Calendar" for December 2007 is attached hereto as Exhibit B.

Also enclosed is a copy of the "Docket – By Client" showing all activity related to the

client's file DR-352J from July 2002 to July 2008, attached hereto as Exhibit C. The review of this document shows all of the received documents and activity required for each case within the firm. There is no entry indicating receipt of an Office Action mailed November 16, 2007 for DR-352J. Nor is there an entry for any item with a due date of December 16, 2007.

Accordingly, because the Notice of Non-Compliant Amendment was not received by Iandiorio Teska & Coleman prior to the deadline for responding to the Notice of Non-Compliant Amendment, the failure to respond to the Notice of Non-Compliant Amendment and the subsequent Notice of Abandonment was unavoidable and inadvertent.

Wherefore, the applicant respectfully requests revival of the subject application. The applicant encloses herewith the \$510.00 pursuant to 37 CFR 1.17(l) for this Petition for Revival of an Application for Patent Abandoned Unavoidably. Since the applicants believe that the abandonment of the subject application was not due to their mistake or a mistake of their representatives, the applicants respectfully request that the U.S. Patent and Trademark Office refund the \$510.00 petition fee by crediting Deposit Account No. 09-0002. Additionally, the applicant submits a Response to the Final Office Action mailed June 22, 2007.

The undersigned being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 USC 1001, and that such willful false statements may jeopardize the validity of the application or any resulting registration, declares that they are properly authorized to execute this Supplement to: Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 C.F.R. §1.137(a), Supplement to Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 C.F.R. §1.137(a), and a Reply to the Notice of Non-Compliant Amendment dated November 16, 2007, on behalf of the applicant; and all statements made of their own knowledge are true and all

statements made on information and belief are believed to be true.

If for any reason this Petition, Supplement, or Response are found to be incomplete, or if at any time it appears that a telephone conference with counsel would help advance prosecution, please telephone the undersigned or his associates, collect in Waltham, Massachusetts, (781) 890-5678.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "David W. Poirier". The signature is written in a cursive, flowing style.
